

FOR IMMEDIATE RELEASE:

Eastway Emergency Vehicles Appointed as Seagrave Fire Apparatus Service and Warranty Centre

Carleton Place ON; March 11, 2011- Eastway Emergency Vehicles today announced that it has been appointed as an authorized Service and Warranty Centre for Seagrave Fire Apparatus products.

Fire Truck service, including pump repair and testing, collision and body repair and complete refurbishment is available at Eastway's 25,000 square foot Carleton Place facility. Mobile service vehicles with U.L.C. certified technicians are available for 'in fire house' service and annual pump testing. Collision repairs are performed with quick turn around, thus minimizing vehicle down time. Over \$1M in Fire Truck parts are on hand for same day shipment from industry leading suppliers such as Seagrave, Hale, W.S. Darley, Waterous, Akron and Elkhart.

Seagrave, founded in 1881, is the oldest continuous manufacturer of fire apparatus in North America and has built a reputation for safety, dependability and durability in the most demanding Fire Departments across the nation. Product brand names include Marauder II, Attacker, Sentinel, Meanstick, Force, Apollo II, Aerialscope II, Almonte and Optimum. For more information, visit www.seagrave.com.

Headquartered in Carleton Place ON and founded in 1968, Eastway manufactures a complete line of Fire Apparatus for the North American and export market. The Company stocks a comprehensive inventory of pre-owned Fire Trucks as well as Fire Truck parts.
